VAPPRO 810G

Non Rinse Gel Rust Remover

DESCRIPTION

Vapro 810G is a viscous gel rust remover that effectively removes rust, stains and tarnish from iron, steel, brass, copper, aluminium and chrome.

Unlike conventional rust remover, Vapro 810G prevents flash rusting after rust removal. Its corrosion inhibition properties inhibit metals against corrosion after rust removal.

SPECIAL FEATURES

- No rinsing needed
- Eliminates the problems of waste disposal
- Effectively removes rust, stains and tarnish from both ferrous and non-ferrous metals
- No adverse effects on most paints, plastics, wood, ceramics and rubbers
- Prevents flash rusting on metals after rust removal
- Corrosion inhibitors protect metals against corrosion after rust removal
- Clings to vertical surfaces, overhead or underside of horizontal surfaces
- Non-dripping
- Safe to handle, use and store
- Non-flammable
- Non-polluting to environment
- Suitable for indoor, outdoor and marine applications

Before treatment

After treated with Vapro 810G

TYPICAL PROPERTIES

APPEARANCE

White gel

pH

1 ± 0.5

FLASH POINT

Non-Flammable

ODOUR

Mild

VISCOSITY

Viscous gel

APPLICATIONS

- Trucks, cars and other vehicles
- Superstructures for marine and offshore
- In-process rust removal for metal parts
- Automotive, marine and offshore equipment

DIRECTIONS OF USE

- Vapro 810G can be applied by means of a brush. Apply Vapro 810G directly on rusted surfaces and leave for 10 to 20 minutes before wiping off with a cloth.

PACKAGING

- 20 liters HDPE Pail.
- 209 liters HDPE Drum.
